

Custom design and production of indoor & outdoor signage

Saleem Jacobson has set uncompromising standards in design, manufacture and installation of internal and external signage.

Our reputation has been built on in-house expertise and infrastructure geared to create exacting forms and designs. Our understanding of client's needs, from customized panels to innovative exhibition materials, has nurtured some of the best known brands in the region.

We offer end-to-end customised solutions for corporate and retail signage, below-the-line and outdoor advertising.

With leading structural, engineering, construction, manufacturing, logistics and quality control consultants on board, you can rest assured your brand is in the best hands.
