*Custom design and production of corporate and work wear*

Demonstrable expertise and superior styling has made Saleem Jacobson a front-runner in corporate wear, work wear and uniforms in the UAE.

From understanding client needs, identifying the best suited fabric and accessories that match the working environment, to design styling and production, Saleem Jacobson handles each project like a masterpiece. We augment our superior design and production facilities with prompt delivery and excellent after-sales support.

Saleem Jacobson works on a simple philosophy. At our work wear division, we create image-enhancing design styles for client uniforms that personify the client company.

Be it custom-design according to the culture and ambience of the client company, exotic fabric, unique colour combinations or simply superb workmanship - we do it all. The result is a superior brand image and another medium of promoting the client's business at no extra promotional cost.

Our infrastructure for design and production of corporate wear and work wear consists of well-experienced and talented designers, expert tailors, modern machinery, finishing equipment and plenty of work and storage space. With garment production centres in Ajman and Al Quoz, we are fully equipped to handle large volumes, be it bulk line production or made-to-measure.

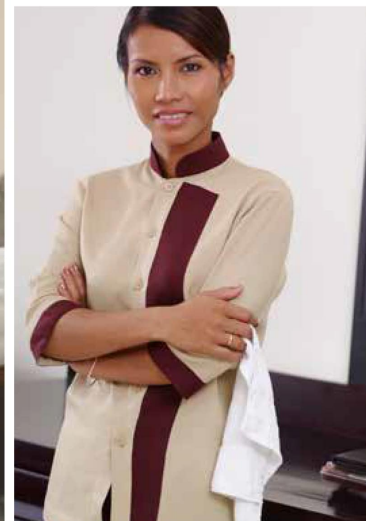

On the strength of our association with the world's leading fabric manufacturers and specialists, we offer a one-stop solution for work wear. Our clients include corporate houses, hotels, serviced apartments, restaurants, airlines, hospitals, clinics, retail outlets, petrochemical industries, automotive companies, construction companies manufacturers, and event and exhibition organisers.

We supply an extensive range of products and accessories including shirts, jackets, trousers, waistcoats, suits, skirts, blouses, t-shirts, chef uniforms, lab coats, health care uniforms, coveralls, flags, embroidered caps, towels, table napkins, table cloths, aprons etc.

**The list is far from exhaustive.  
Just name it and Saleem Jacobson  
will create it for you.**
